SUMMARY

Highly skilled Full-Stack Developer with a strong focus on MERN Stack (MongoDB, Express, React, Node.js) and JavaScript,TypeScript. I specialize in building fast, scalable, and user-centric applications—both web and mobile. My core strength lies in architecting clean, maintainable codebases and delivering high-performance solutions using modern JavaScript technologies.

TECHNICAL SKILLS

- **Frontend:** React.js, Angular, Next.js (if applicable), TailwindCSS, HTML, CSS, JavaScript, TypeScript
- **Backend:** Node.js, Express.js
- **Database:** MongoDB, Mongoose, Redis
- **Mobile App:** React Native (Expo), Appwrite (Auth & APIs), Push Notifications, Offline Mode
- **Tools & Others:** Git, GitHub, REST APIs, JWT Auth, Redux / Context, WebSockets, Appwrite Services, Redis
